

Using Media in the Library: DVDS, VHS, CDs, and LPs

Snell Library has a great collection of DVDs, VHS CDs recordings and a select collection of jazz LPs. Where and how can you play them back?

DVD and CD Playback on Computer Monitors

Snell Library PCs have media drives built-in on the upper right of the monitor.

Locations: First floor: 94 workstations, first come first served
Second floor: 20 workstations, first come first served
8 workstations can be reserved on NUSSO for 3 hours. These are labeled F1, F2, F3,F4, H1, H2, H3 & H4.
To book, use this link: <https://nuevents.neu.edu>

Media Creation Studios 202 and 203. These must be reserved in LibCal. You can request up to 3 hours.
To book, use this link: <https://northeastern.libcal.com/reserve/AVS>

DVD and CD Playback on Portable Drives

Check out a portable USB drive from the first floor ITS Help & Information Desk for 24 hours. Plug into your laptop or use on PC or Macs in the library with USB ports.

DVDs CDs, VHS and LPs in Media Creation Studios 202 and 203.

These must be reserved in LibCal. You can book up to 3 hours.
To book, use this link: <https://northeastern.libcal.com/reserve/AVS>

Multi-Region DVD playback is only available in 202.

VHS

Reserve Media Creation Room 202 and use the VHS machine with monitor.

LPs

Reserve Media Creation Studio 203 and use the turntable.

Get help: For computer playback, see someone at the ITS help desks on the first and second floors. For Media Creation Studio playback, see someone in the Recording Studio.
